Power System			
	Capacity*****	Life Expectancy	Monthly Fee***
PV Array	4,27 kW	25 YRS	R 1 250,00
Inverter	10 kVA	10 YRS	
Battery Bank	12,8 kWh	10 YRS	
Generator*	5kVA	10 YRS	

Water Harvesting / Recycling System****			
	Annual kL Savings	Annual Savings**	Monthly Fee***
Greywater Recycling	161	R 5 206,77	R 110,00

Thermal Energy System*****			
	Capacity	Life Expectancy	Monthly Fee***
Solar Water Heating	500L	15 YRS	R 150,00
Wood Burning Fireplace	7 kW	-	
Gas Stove	10,2kW / 5 Plate	-	
Gas Oven	2,6 kW / 62 L	-	

Notes:

- * Generator for emergency backup to assist with battery charging
- ** Savings are estimated for year 2020 based on actual tariffs and on a 200m² unit - (average unit size)
- *** Contribution towards Magnolia Meadows Maintenance Fund
- **** Savings are based on reduced water consumption through use of low-flow fixtures and recycled water for toilet flushing
- ***** Savings are accounted for under Power System Savings
- ***** PV system capacity can be increased at an additional cost
